## Corridor Chiefs

*The cleaner and better maintained a corridor, the lower the crime rates and higher the property values.  
Many times we drive on by without even noticing problems, let alone reporting them to the proper agency.  
Engaged residents are the key to higher standards and better kept areas.*

### **Duties:**

1. Maintain a map and list of the Corridor Captains
2. Contact Duke Energy when a light is out
3. Report 311 problems on the unassigned areas of the corridor
4. Pick up snipe signs weekly as needed at the intersections
5. Occasionally contact and encourage the Corridor Captains
6. Advocate for any infrastructure needs with the county/city

**Commissioner Christine Moore, Orange County District 2**

# County 311 App

Orange County's smartphone app allows users to submit photographs, pinpoint locations, and report problems to the proper county department.

## Corridor Captains

*The cleaner and better maintained a corridor the lower the crime rates and higher the property values. Trash and litter are epidemic in Orange County. One volunteer in every subdivision can remedy the situation by picking up and disposing of the trash and snipe signs weekly.*

### Duties:

1. Pick up trash along the assigned section of the roadway weekly
2. Report to 311 problems with trash pickup or lawn debris
